

VIRGINIA'S BEST STREET BRASS BAND

# ELBY BRASS

## TURBO VESPA

Released in March 2018, **Turbo Vespa** is a maxi-single available on limited edition 12" vinyl—a first for Elby Brass. Backed with the super jam **Like We're Gonna Do It**, this one-two punch of afrobeat and acid jazz highlights the band's instrumental side without sacrificing their signature call-and-response chanting.

Recorded and mastered at **Blue Sprocket Sound** in Harrisonburg, Virginia

## FREDERICKSBURG, VIRGINIA

**Elby Brass** is Virginia's best street brass band—specializing in hard-hitting funk, sizzling soul, and shout-along favorites. Homegrown in Fredericksburg, they feature trumpets, trombones, saxophones, sousaphones, drums, and an undeniable energy. Don't expect anything but brash, raw horn jams and definitely don't expect to stand still. Killer in the club and fantastic at festivals—when you need the party to start right now, you need Elby Brass.
